**DO NOT LEAVE VALUABLES IN PLAIN SIGHT**!

- Don’t leave your wallet or purse in a fitting room or unattended in a shopping cart. Don’t leave your book bag or purse on the floor of a restroom where it can easily be grabbed.
- When possible, don’t ask strangers for directions. Stop a policeman or public employee or stop at a hotel or gas station. Avoid standing on the sidewalk fumbling with a street map. Go into a business to look at the map or plan your trip in advance.

- **Do not leave valuables in your car!**
  If necessary, store these items in your trunk or glove compartment. Items which are visible through your window are prime targets for theft.
- When writing checks, avoid placing your wallet on the counter. Check your possessions before leaving.
- Always store your valuables in a secure area like a locker or lockable desk drawer. Never leave any item of value unattended.

- Bicycle Safety
- Jogging Safety
- Parking Garage Safety
- Safety Checks for Residences, Homes, and Apartments
- TUPD Escort Policy

TUPD also routinely offers RAD (Rape Aggression Defense) classes to assist women in protecting themselves against male attackers. For additional information please visit our website: tulane.edu/police. For personal escorts, call TUPD 24/7/365. For virtual escort service download the free Rave Guardian app from the TUPD web site.

**ALWAYS BE AWARE OF YOUR SURROUNDINGS**!
• Be alert when you go to a bank or ATM machine. Someone could be watching or following you.
• Be aware of cars that pass repeatedly or slow down as they near you.
• When waiting for a ride, stand in a well-lighted area in a conspicuous location.
• Do not take short cuts through parks, tunnels, parking lots or alleys.
• Dress practically. Don’t wear clothes that restrict your movements and wear shoes that you can run in.
• Walk confidently and purposefully. Know who is around or passing you.
• Don’t overburden yourself with packages, boxes or books.
• When using public transportation, don’t fall asleep. Stay alert!
• Remember that criminals are always looking for an easy opportunity to commit a successful crime. You can decrease the probability of becoming a victim by limiting the opportunity.

**REMEMBER THAT THERE IS SAFETY IN NUMBERS**!
• If you are concerned about crime in an area ask a friend to go with you.
• If you see something that looks suspicious turn around and go the other way. You should trust your instincts when something feels wrong or out of place.
• Run or yell if a suspicious person comes too close. Don’t worry about feeling foolish.
• If someone attacks you, yell “Fire!” People are more likely to respond to this than anything else.
• If attacked by a mugger, DON’T RESIST! Stay as calm as you can and get the best possible description of your attacker. Follow the most recent instructions the robber has given and do not argue.
• If you are at a business when it is being robbed, do not make any sudden movements or place your hands where the robber may suspect that you are retrieving a weapon.

**CALL THE POLICE. WE WOULD RATHER TAKE THE RISK**
• Do not chase after anyone who has committed a robbery.
• Report all crimes or any suspicious activity to the police as soon as it is safe to do so.
• Keep a cell phone with you at all times so that any criminal activity can be immediately reported.
• Always carry some coin money in the event you have your wallet or purse stolen so that you may be able to call for help. It is a good habit to carry money in more than one part of your clothing. Avoid places that may allow your money to fall out.
• Don’t carry your driver’s license in your wallet with your money or credit cards. This will prevent the further damage of identity theft and will make it more difficult for a criminal to use your cards or to cash a stolen check.
• Consider carrying a whistle or other noise-making device.
